

ENVIRONMENTAL DETECTORS

Vendor

Description

TEMPERATURE DETECTORS

Honeywell Series

B0674	TS300 Is a hardwired temperature monitor able to accurately detect variations in temperature. It can monitor the temperature at the unit and at a remote location (using a T280R) simultaneously. Alarm annunciations include a local piezo sounder and two programmable NO/NC outputs which activate when the mapped high or the low limit(s) are exceeded, protecting equipment, property, and perishable items. The TS300 can accurately monitor any temperature within the range from 32°F to 140°F (0°C to 60°C). A T280R Remote Temperature Probe may be used to monitor temperature within the range from -40°F to 140°F (-40°C to 60°C) or to monitor temperature in a harsh environment.
B0698	Remote probe for use with T-280 sensor Allows for use in environments below 32 degrees and moist/wet locations

TEMPERATURE DETECTORS

EnviroAlert Series

EA200-12	EnviroAlert Two Zone (12 Volt DC) Whether is residential or commercial applications, EnviroAlert provides flexibility to simultaneously monitor temperature, humidity or water in one or more critical environments (probes sold separately)	 <p>ENVIROALERT EA400</p>
EA200-24	EnviroAlert Two Zone (24 Volt DC) Whether is residential or commercial applications, EnviroAlert provides flexibility to simultaneously monitor temperature, humidity or water in one or more critical environments (probes sold separately)	
B1259	EnviroAlert Four Zone (12 Volt DC) Whether is residential or commercial applications, EnviroAlert provides flexibility to simultaneously monitor temperature, humidity or water in one or more critical environments (probes sold separately)	
EA400-24	EnviroAlert Four Zone (24 Volt DC) Whether is residential or commercial applications, EnviroAlert provides flexibility to simultaneously monitor temperature, humidity or water in one or more critical environments (probes sold separately)	
M-001-0081	Stainless Steel High Temp Thermistor Probe (32° to +299° F) Stainless Steel High Temp Thermistor Probe (32° to +299° F)	
B1258	Stainless Steel Low Temp Thermistor Probe (-58° to +158° F) Stainless Steel Low Temp Thermistor Probe (-58° to +158° F)	
M-001-0086	Waterproof Low Temp Thermistor Probe (-58° to +158° F) Waterproof Low Temp Thermistor Probe (-58° to +158° F)	
M-001-0087	Waterproof High Temp Thermistor Probe (32° to +299° F) Waterproof High Temp Thermistor Probe (32° to +299° F)	
M-001-0006	Additional Supervised Surface Sensor for WB-800 & EnviroAlert Additional Supervised Surface Sensor for WB-800 & EnviroAlert	
M-001-0009	Under Carpet Supervised Sensor for WB-800 & EnviroAlert Under Carpet Supervised Sensor for WB-800 & EnviroAlert	
M-001-0091	Electronic Humid Alert (EnviroAlert Only) Electronic Humid Alert (EnviroAlert Only)	
E-003-0010	3 Piece Terminal Block Kit (EnviroAlert Only) 3 Piece Terminal Block Kit (EnviroAlert Only)	

Vendor	Description
SMOKE DETECTION	
B0065	Smoke Detector Optical 4 Wire smoke detector, including base. 12VDC.

AUDIO/VISUAL DEVICES

INDOOR SIRENS	
B0143	Buzzer Buzzer, 12VDC
B0062	Piezo Piezo (sound bomb) 12 VDC
OUTDOOR SIRENS	
B0641	Siren 12 VDC Siren 12 VDC, 10 Watt, 2 Tone
B0027	Siren 12 VDC 6 Tone Siren 12 VDC 6 Tone 15 watt 6 tone
B0015	Ademco wave 2 siren Ademco wave 2 siren
B0073	Siren 12 VDC 30 watt Siren 12 VDC 30 watt
B0174	Siren 12 VDC 40 watt Siren 12 VDC 40 watt hi power compact size

ADEMCO WAVE 2 SIREN

BEACONS	
B0977	LD-85U Strobe/Piezo Combo Strobe Light, Red and Piezo combo 12VDC
B0042	Strobe Light Strobe Light, Red
B0153	Mini Flasher Mini Flasher
B0043	Flashing Light 12 VDC Red Flashing Light 12 VDC Red

LD-85U STROBE/PIEZO COMBO

WIRELESS

REMOTE CONTROLS	
Magnum Series	
B0077	Magnum 1 Button Key ring Tx Magnum 1 Button Key ring Tx
B0078	Magnum 3 Button Key ring Tx Magnum 3 Button Key ring Tx
B0076	Magnum Non Latch Rx Magnum Non Latch Rx
